

# Ontario's SouthCoast DreamDrive!

Fort Erie to St Thomas...St Thomas to Fort Erie

The Kings Highway #3 is-was Ontario's "Route 66". This route was taken by our grandparents and parents to get to most of the major towns from Windsor to Fort Erie, before the "400" Series of Highways came into being.

Highway #3 was taken by cars, buses and tractor trailers Always moving people or goods of commerce. Being the "short cut" from Buffalo to Detroit...it was busy!

It's the route taken for summer vacations. You learned to drive on this "major" highway with your "Beginners"! Once you passed the Drivers Test...Hwy#3 became a "social stream" for young folk...cruising to Burger Joints, going to the Lake or going to the Drags at either Sparta or Cayuga.

Join the Celebration of Highway #3. A "Moving Car Show".  
"With Lots of Adventures...Just a Driveway Ahead!"
